

Excerpt from A Short History of the Greeks: From the Earliest Times, to B. C. 146  
The only excuse for adding another to the many histories of Greece is the hope that the writer has been able so to state the old story - modified by recent studies and discoveries - as to suit the needs or tastes of certain classes of readers and students. In a book of this size it is impossible not to curtail or omit much that is interesting and even important. The aim of the writer, in selecting the topics to be dwelt upon, has been to choose those which best illustrate the political life and intellectual activities of the Greeks wherever they lived, not only in Greece proper, but in the larger Greece of Italy, Sicily, and Asia. To do this at all adequately in so short a space it was often necessary to reduce details as to particular cities and districts to a very low standard. The writer has wished to treat Greek History in a wide Hellenic spirit, but in spite of good resolutions he has found it as impossible, as others seem to have done, to avoid giving Athens the lions share in the story. About the Publisher  
Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)  
This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
