

This book undertakes a critical examination of contemporary political problems through discussions of three utopian and three dystopian texts. Selected stories from Morris, Orwell, More, Bellamy, Neville, and Zamyatin are used to generate questions about fundamental economic, political, and social problems, human nature, and conceptions of the good life. This unique work is an exceptional resource for all students of political philosophy and utopian literature, as well as for general readers interested in political affairs.

Highways of Progress, First Comes Love, National Savings and Investments product accounts 2006/07 (House of Commons Papers), Parliamentary Procedure: Law, Privileges, Practice and Precedents, 1 Kings (Old Testament),
