

First Place Romance Winner 2010 Next Generation Indie Book Awards Editors Choice Award 2009 (iUniverse) Spun from Scottish folklore, *Dancing Naked in the Rain* weaves a tale of romance, mystery, and fantasy. Megan McEller, craving a world beyond her classroom, puts down her chalk and heads for Scotland with dreams of earning her living as a travel writer. But before she can land her first contract, she becomes smitten with a man who proves to be no ordinary lover. From the beginning of their first meeting, neither her charm nor love can protect her from the curse haunting his presence. As she moves amidst the ancient grounds of the Highland, she finds herself helplessly ensnared in a supernatural world beyond her wildest nightmares. This causes her to waver between her own naivete and the madness thrust upon her. Megan's struggle to unravel the mystery surrounding her lover is at the heart of *Dancing Naked in the Rain*. Her face-to-face encounters with otherworldly forces shatter the world as she knows it, forcing the unfolding of a newfound trust within her. It is then, and only then, that she is able to unearth the mystery threatening to doom both her and her love.
