

A Feminist Companion to Reading the Bible: Approaches, Methods and Strategies forms a conclusion to the series of 10 volumes published in the groundbreaking Feminist Companion to the Bible since 1993. Not only is this the companion to the Companion, but, it is at the same time the forerunner and companion to a second series of nine volumes of the Feminist Companion. In all, there will be a unique collection of 20 volumes representing the enormous range of influence that feminist criticism has come to have in biblical studies. Anchored always in particular biblical texts, the essays in this multi-authored Companion to Reading the Bible have a distinct methodological slant, reflecting the numerous developments in feminist criticism that have occurred since the first books in the series were published, and forming an indispensable handbook for every biblical scholar and student today.

How to Make Big Money In Your Own Small Business Unexpected Rules Every Small Business Owner Needs to Know by Fox, Jeffrey J. [Hyperion,2004] [Hardcover], Windows on the White House: The Story of Presidential Libraries, Patterns of business organization, The complaint of peace, translated from the Querela pacis (A.D. 1521), Semantics and Syntactic Regularity,
