

Sherlock Holmes and his partner Dr. Watson have nothing on Fire and Ice. This brotherly duo is quite serious about adventure, problem solving, high tea, and staying calm in every situation... well... maybe not calm. Fire and Ice show confidence in every situation except when they are afraid. Their main foe, Fester, is a mean cat who is waiting patiently for just the right time to eat Fire and Ice. Fester is not very clever, and Fire and Ice get the best of him every time. Each day brings new adventures for Fire and Ice, and we can hardly wait for the next one.
