

Is Your Life Exactly How You Want It? What's the best thing that's happen to you today? Can you name it? Can you name five things? Or is it a struggle to even think of one? Do you feel like you're just going through the motions day after day, wondering what the point is, just trying to get by? You know there must be a reason your life feels like a drag. Maybe you need more money? A bigger house? A nicer car? Deep down you know that won't solve the problem, though. There must be something more! Do You Just Feel "Off"? Do you wonder why maybe some people aren't all that excited about being around you? Why some of your most important relationships have disintegrated? Do you ever wonder why people aren't engaged or do not buy-in to some of your ideas or messages? Certain people can actually change the energy in the room. What type of person are you? Improve Your Life on Every Level Quarter Turns is based on the idea that small changes (quarter turns) can create quantum leaps in your life's progress. Tim Furlong—former baseball player, rock musician, and "lunch lady"—uses his diverse experience and two decades of coaching others to get you to step up in your own life, making improvements in your energy, relationships, and business. You'll learn: what Jedi mind tricks can teach you about getting what you want in life, what Subway subs can teach you about being a good manager, and what Starbucks can teach you about the importance of creating an experience. By the end of Furlong's four-step process, you'll feel more engaged, more energized, and more enthusiastic about your life than you've probably felt since you were a kid.
