

REDEEMED BY GOD - 1, Spiritual Growth and Life Principles Associated with the Gospel of Jesus (Revised) is written to help persons spiritually grow and mature and enter into a more intimate relationship with God through Jesus. The association between the nature and character of God as Father, Son and Holy Spirit and our creation as a spirit, soul and body is initially presented, along with God's plan for our redemption and salvation through the crucifixion and resurrection of His Son, Jesus. Discussions follow that present more detailed descriptions of the functions of the mind and heart as the structure of our soul and of the relationship between the functions of our soul and spirit. Information related to principles associated with and activities necessary to support our spiritual growth and associated with the descriptions and development of our spiritual gifts is then presented. Spiritual life principles follow that address managing our financial resources, loving and forgiving others, suffering, spiritual healing, and the structure of the Christian family. The book concludes with principles related to serving and ministering to others through the Body of Christ, the Church.
