

I challenged, Suppose I say no - whacha gonna do about it? Tony grabbed me up, threw me across his knee, and said, Ill spank you until you change your mind! It was the kind of horseplay wed constantly engaged in; but this time, I dared him to make good on the threat, Go ahead, do it - Ill play the stuff if you beat me and say I have to - but youve got to make me. That was how it started. we both had a secret interest in spanking - something Id never experienced (and didnt suppose my brother had), but which had led to his roughhousing me, giving me play spankings with his hand, or with a paddle that hed bought. But wed never admitted that we both had a latent interest in taking it farther. Id wanted to, so Id given it a shot. Our eyes met for a moment - he raised one eyebrow questioningly, I grinned, nodded eagerly, and patted my tail, and the deal was cut. He quickly shot back, Thats no problem. Get me the paddle, imp! So I shook my head, saying, Get it yourself. Tonys response was immediate and decisive. He yanked me up, turned me across his knee, and gave my tail a dozen or so resounding pops. Then he set me back on my feet, again demanded that I get the paddle; and again I simply said, Nah, I dont wanna. That was a lot further than wed ever carried the tease, but he didnt hesitate. Tony simply said, OK. Shrimp, wait here. Ill get it, and then youre gonna. I shot back, You wouldnt dare, and a moment later he came striding back, paddle in hand, and demanded that his kid brother Go over my knee. So I looked up at him, recited with a straight face: I aint gonna do it. That finally got a more forceful response; he grabbed me up, threw me to the floor, put his knee on my chest, and unfastened my jeans. Then he grabbed me up, tossed me across his knee, shucked down my jeans, and began applying the paddle to my tail. Its the first time Id ever had a serious spanking, and my first paddling lived up to my expectations. I yiped and hollered, and told him, OK, Tony, you win - Ill do it - this time. Sic Semper Tyrannis is a memoir about a time, not so long past, when men were free, religious values were taken seriously. and parents were allowed to pass on the cultural heritage to their children without governmental interference. As David Selznick remarked concerning the Antebellum South, Look for it only in books, for it is no more than a dream remembered, a Civilization gone with the wind . . . This fictional account is the story of what might have been, had Christian parents possessed the courage of their convictions. It depicts the use of spanking and other types of physical correction, from the perspective of an adolescent boy. Twelve year old Billy Martin has been suddenly uprooted from the only home he knows, in liberal Stockholm, and sent to live with his eighteen year old brother, Bob, who has recently joined an ultra-conservative religious group in Idaho. Billy, a high-spirited youth, has been allowed to run at loose ends for his entire life, and has never experienced discipline of any kind. He now finds himself in a vastly different world. Bob immediately sets about bringing his kid brother into line, and giving him the "Biblical discipline" that he, and the other sect members, consider essential to proper child rearing. Billy strives to come to grips with the new reality. While the characters are wholly imaginary, the issues they confront are real, and threaten to undermine the very foundations of our civilization. This work does not contain any erotic material, but is a sobering assessment of today's child rearing practices in the United States and Western Europe. This is the fifty-third volume of a more extensive saga, which traces the course of Billy and his friends as they struggle through the years of adolescence. It should be required reading for every adolescent boy, his parents, and all those who seek to influence
