

Do you know the legend of Halloween? Three Little Werewolves live on the outskirts of a town called Skullvilla. They are powerful and important. On October 31st when the sun goes down, the werewolves must howl into the night sky to awaken the moon and signal Halloween to begin. If this doesn't happen, it will not get dark. And you know what that means! There will be no Halloween since no one goes trick-or-treating in the daylight. \* \* \* \* \* It is All Hallows' Eve and Sebella, Drac, Prudence, Kendall and Grandma are having their annual dinner at the Black Cat Cafe. All the magical creatures from Skullvilla are there. The Fangs, Frankie and Francesca Stein and their little monsters, the Invisible Man and his curvy mummy date and of course, Bones. Nothing out of the ordinary until a hairy paw appears and grabs Grandma! Could the hairy paw belong to one of Three Little Werewolves? Is the Legend of Halloween true? Can they find Grandma? Will there be a Halloween this year?
