

This bio-bibliography was designed to present a combined biographical, critical, and bibliographical portrait of the Marx Brothers. It examines their significance in film comedy in particular, and as popular culture figures in general. The book is divided into five sections, beginning with a biography which explores the public and private sides of the Marx Brothers. The second section is concerned with the influences of the Marx Brothers as icons of anti-establishment comedy, as contributors to developments in American comedy, as early examples of saturation comedy, and as a crucial link between silent films and the talkies. Three original articles, two by Groucho and one by Gummo, comprise part three. A bibliographical essay, which assesses key reference materials and research collections, is followed by two bibliographical checklists. Appendices containing a chronological biography with a timeline, a filmography, and a selected discography complete the work.

Electrochemistry at Semiconductor and Oxidized Metal Electrodes, Math in Focus: Singapore Math: Home to School Connection Book Grade K, Mapping Our Green Anarchist Future, A Companion to American Womens History, Arizona and Sonora the geography, history, and resources of the silver region of North America, Ah, I Am Full: Food Chain (Science Storybooks),
